## Primary Care Integrated Development Programme

### Enhancing Dental Care for Patients with Learning Disabilities and Neurodevelopmental Conditions

Join us for this interactive **2-hour online training session** designed to equip dental professionals with the knowledge, skills, and confidence to provide truly inclusive, person-centred care for patients with learning disabilities and neurodevelopmental conditions.

 **BOOK NOW** [Expression of Interest Form - Primary Care Integrated Development Programme](#)

#### What you'll gain from this training:

##### A deeper understanding of learning disabilities & neurodevelopmental conditions

- Spot the difference between learning disabilities and mental illness
- Recognise common neurodevelopmental conditions in dental care
- Understand their impact on communication, behaviour, and treatment
- Identify barriers to accessing quality dental care

##### Practical strategies for making reasonable adjustments

- Know your legal and ethical responsibilities
- Apply simple, person-centred adjustments at every stage
- Communicate effectively with diverse needs
- Involve patients and carers in treatment decisions

##### Sensory awareness & creating a welcoming environment

- Understand sensory processing and profiles
- Recognise sensitivities in dental settings
- Make easy environmental tweaks to reduce overwhelm
- Personalise care with sensory preference information

 **Date:** Wednesday 19th November 2025

 **Time:** 5:00pm – 7:00pm

 **Format:** Delivered by Sian Rae, via MS Teams
