

Primary Care Improvement Community (PCIC)

- A national community open to anyone who is interested or involved in quality improvement in primary care.
- Members include enthusiasts and experts involved in innovation and improvement across general practice and the whole of primary care. The community also welcomes patient representatives.

The community offers free access to the following.

Support through a national network with access to the latest developments in improvement and change, opportunities to network with like-minded colleagues.

National events including regular webinars – informed by members of the community, keeping it relevant and useful.

Connect – an online space on FutureNHS to use to chat, share and learn virtually with other members around the country.

Information about our support offers for general practice – helping general practice to deliver change through the national **General Practice Improvement Programme**.
